

## **IF PATIENT PRESENTS AGES 14-20:**

- Registration will grab iPad and scan QR code to access screener.
  - Email address: ed   Password: qwertyop
  - Navigate to screening questions & hand tablet to patient.
  - Document patient's name and result (+/-, unable, or declined).
  - Give positive patients resource flyer.
  - Communicate patient info and screening results to sorter.
- Sorter will document screening results in patient's ED Triage Notes:
  - Positive (.STPOS), Negative (.STNEG),
  - Unable to Respond (.STU), or Declined (.STDEC)
- Sorter creates social work order for positive patients.
  - Reason for Consult = Other
  - Specify other reason for consult = SafERteens Positive
  - Did you contact the consultant = yes or no
  - If you select NO, then you MUST input reason as "MSW Unavailable".
  - Click Accept and input Van Rees as ordering provider.
- Sorter sends positive notification to MCMU SafERteens haiku group. Include patient's name and location in ED (including waiting room).
